“WORLD ENVIRONMENT DAY” (5th JUNE, 2023)

R. D. Engineering College, Ghaziabad College Code-231

Approved by AICTE & Affiliated to Dr. APJ Abdul Kalam Technical University, Lucknow

Name of the Activity:-“World Environment Day”

Date:-5th June, 2023

Duration: 2Hrs. (120min)

Organizer: R.D. Engineering College, Ghaziabad

Faculty Coordinator:- Mr. Subhash Verma

Student Coordinator:-Mr. Ritik Choudhary

No. of student participated: 50-60.

The world environment day celebration has started with addressing the all present members of RDEC from Mr. Subhash Verma. Further many students and faculties were also planted 10 trees in our playground premises. More than 50 students and faculty of CS, IT, ME, CE, MCA and MBA department attended the event.

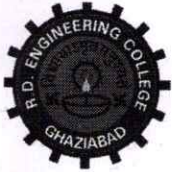

During the program the following points were discussed by many faculty members with their students:

- Through this programme we want to spread the message of keeping the environment Pollution Free and Clean.
- Environment Day is an annual celebration that honors the achievements of the environmental movement and raises awareness of the need to protect Environment natural resources for future generations. .
- It is our responsibility to take this initiative forward. Under this programme we will keep on spreading awareness about environment and Nature.
- Raising awareness on environmental issues as marine pollution, overpopulation, global warming, sustainable development and wildlife crime.

“International Yoga Day” (21st JUNE, 2023)

R. D. Engineering College, Ghaziabad College Code-231

Approved by AICTE & Affiliated to Dr.APJ Abdul Kalam Technical University, Lucknow

Name of the Activity:- “International Yoga Day”

Date:-21st June, 2023 (Sunday)

Duration: from 8:30 am to 11:00am.

Organizer: R.D. Engineering College Ghaziabad

Resource Person: Yoga Instructor **Mr. Amit Kumar Sharma**

Faculty Coordinator:- Dr. Pankaj Singh

Student Coordinator:- Mr. Shivant Tyagi

No. of student participated: 60-70,

R.D.Engineering College, .Ghaziabad with the help of **Bharatiya Yog Vigyan Sansthan** has organized a Yoga event on International Yoga Day. The event has started with a welcome note from **Dr. Pankaj Singh**, HOD-CIVIL, R.D.Engineering College. International Yoga Day was directed by Yoga Instructor **Mr. Amit kumar Sharma** with their team were also taught the importance of Yoga in our life & how to maintain the harmony between body and mind. After that he was also exhibited some important yoga asana which are important for the normal person .The students discussed the importance of yoga and promised to introduce this activity in their daily lives.

Following points were directed to all present members:

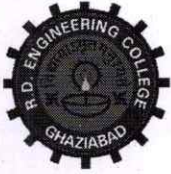

- Yoga instructor perform ,motivate and guide all students and present members towards different important ashanas like surya namaskar etc and breathing exercises during this wonderful session.
- Yoga practices help us to cultivate more self awareness through asana and awareness of the breath.
- This type of activities is useful to spread the message that Yoga is a practice which plays an important role in relaxing the mind and body and boosting people’s immune system.

“Mega Blood Donation Drive” (28th JUNE, 2023)

R. D. Engineering College, Ghaziabad College Code-231

Approved by AICTE & Affiliated to Dr.APJ Abdul Kalam Technical University, Lucknow

Name of the Activity:- “Mega Blood Donation Drive”

Date:-28th June, 2023

Organizer: R.D. Engineering College Ghaziabad

Resource Person: Dr. Anil Tomar

Faculty Coordinator:-Mr. Gaurav Rastogi

Student Coordinator:-Mr. Manish Singh

No. of participant:- 150-200,

No. of Persons who donate Blood :- 40-50.

R.D. Engineering College, Ghaziabad in association with **LG ELECTRONICS INDIA** has organized a camp on Blood Donation to raise awareness about the Donate blood and gift someone a precious life held on 28th June, 2023 Wednesday.

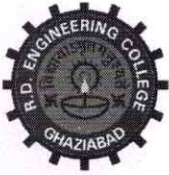

Dr. Anil Tomar and his team members direct all Faculties, Staff and student were taught regular blood donation helps maintain healthy iron levels in the body, reducing the risk of conditions like hemochromatosis .He said that it can also serve as a health check, as each donated unit undergoes rigorous testing for infectious diseases, ensuring the donor's well-being.

- Through this programme we want to spread the message that Support to Critical Patients: Blood donation camps are organized with the purpose of supplying blood to the blood banks for the need of patients suffering from cancer, hemophilia, and thalassemia or accident victims.
- Donating blood, not only saves multiple lives but also give an opportunity to add value to one's life. It helps in teaching students about humanity and also defines the spirit of our natural co-existence for others..
- The purpose of blood donation camp is to select a suitable donor whose blood is safe for the recipients. With increase in population and development of more advanced medical and surgical procedures, the need for blood is increasing day by day. Voluntary blood donors facilitate in maintaining adequate supply of blood.

The Independence Day celebrations at the college was held on August 15, 2023, with great enthusiasm and patriotic fervour. The event was attended by students, faculty members, and staff of the college. The celebrations began with a flag-hoisting ceremony by the Dr.Sanjeev sharma. The National Anthem was sung by the students and faculty members with great pride. Following the flag-hoisting ceremony, Dr. Sanjeev sharma delivered the patriotic speech. In his speech, Dr.Sanjeev sharma paid tribute to the freedom fighters who sacrificed their lives for the independence of our country. He also urged the students to be proud of their heritage and to contribute towards building a strong and prosperous India. Followed by, Mohd vakil Dean- Academics addressed the gathering. The program was well-received by the audience. The event concluded with the distribution of prizes to the winners of the various competitions that were held as part of the celebrations. The Independence Day celebrations at the college were a great success. They helped to instill a sense of patriotism and pride in the students and faculty members. The event also served as a reminder of the sacrifices that were made by our freedom fighters to secure our independence. The event was well organized in association with Dean Student Affairs and NSS team. Organized During the event, Principal, Dean's, HOD's of various branch, faculties, staff's, and students were present.

R.D. Engineering College, Ghaziabad organized an event on **Swachh Bharat Abhiyan** for awareness of Clean streets, clean homes, clean hearts. Let's keep India clean, inside-out held on 02-10-2023 Monday.

Dr. Kumar Krishnen and also our college Director **Mr. Sanjeev Sharma** taught that it is everybody's responsibility and one should keep themselves and their surroundings clean and hygienic. It also brings good and positive thoughts in the mind which slows down the occurrence of diseases.

During the Camp the following points were discussed:

- Through this Camp we want to spread the message of Swachh Bharat Mission has had a positive impact on public health. By improving sanitation facilities and promoting cleanliness .
- The Swachh Bharat Mission include eliminating open defecation, promoting the construction of toilets, creating awareness about sanitation and hygiene, and ensuring the safe disposal of waste. It aims to create Open Defecation Free (ODF) communities and improve overall sanitation infrastructure.. .
- It is our responsibility to take this initiative forward. Under this Camp we will keep on spreading awareness about that “A clean environment leads to a healthy life. Let's join hands and clean our nation ” .

Student Coordinator:-Mr. Ankit Tyagi

No. of student participated: 60-80,

The World Teachers Day celebrated in R.D Engineering college on 05-10-2023, All the departments of the college were beautifully decorated by the student for World Teacher’s Day. The students of various departments, along with the help of the student’s Union, organized a function for the teachers. The Dean of the college, too, was present at function.

The program started with the Dean, the Teacher-in-charge and the Head of the Department cutting the ribbon and lighting the diyas. The Dean of the college gave away trophies to the best Teachers nominated by the student. The Dean gave a vote of thanks on behalf of the Teachers and also appreciated the teachers for their immense contribution to the institution for years. The entire program ended on a happy note.

- Through this Program we want to spread the message that teachers are our supporting pillars who play an important role in guiding us throughout our student life. They give their best to teach us valuable lessons in life and are our role models whom we look up to.
- In this we discussed about how teachers have to listen to their student and understand how they feel, so they need to be patient and kind. Many teachers are very creative and make learning fun for their students. If you enjoy helping people learn, teaching might be a great job for you in the future!
- It is our responsibility to take this initiative forward. Under this Program we will keep on spreading awareness about that “The teacher we need for the education we want: The global imperative to reverse the teacher shortage”.

Faculty Coordinator:- Dr.Gaurav Bansal

Student Coordinator: - Abhishek Sharma

India marks January 26 as its Republic Day every year. In 2022, the country is celebrating its 73rd Republic Day. While India gained independence from the British Raj in 1947, it wasn't until January 26, 1950, that the Indian Constitution came into effect, and India became a sovereign state, declaring it a republic. The day was celebrated in our college with great élat. The university building was tastefully decorated with flowerpots and national flags. We were beside ourselves with joy. Loudspeakers were fitted. Everyone was feeling very patriotic and happy because it was a matter of great pride for all of us. After all, on this day the constitution of India came into force and our country became a republic.

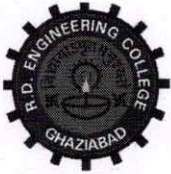

.During the session the following points were discussed:

- The event proceeded with the parade done by the students then the flag hoisting took place.
- Some selected boys sang the National Anthem. Then there were some very inspiring national songs sung in chorus. These were followed by stirring speeches by the students, teachers.
- Then the boys staged a one-act play which was very much liked by one and all. The senior boys performed a Bhangra dance. It was the highlight of the programme.

Date:-5th June, 2022

Duration: 2Hrs. (120min)

Organizer: R.D. Engineering College, Ghaziabad

Faculty Coordinator:- Mr. Chirag Sharma

No. of student participated: 50-60.

The Tree plantation activity on an individual basis. The objective of this tree plantation was to create awareness about “Plant Tree – Save Planet”. Tree plantation aims to save the environment, afforestation and make the surrounding clean and green through a major Tree Plantation Activity.

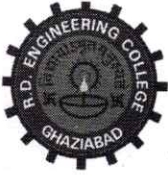

During the Event the Some of the feedbacks are as follows by many faculty members with their students:

1. “It was a very good experience to follow this tree plantation drive for saving our earth from global warming and producing more and more oxygen.”
2. “It was a great feeling to re-bond back with nature. I felt motivated and loved.”
3. “It was an amazing experience by planting trees. I was happy that at least this much I can do for our nature which provides us all the resources.”
4. “It was challenging for me because our cooperative society was not permitted to plant any tree as it was private so we had planted the same in pots. Else than it was a good experience as it will help us and also the environment.”

R.D. Engineering College, Ghaziabad has organized a event on **World water day** for awareness of Healthy Environment in our life held on 22-03-2022 Monday.

Dy. Director Prof. Sanjay Paliwal Engineering was the resource person for the Awareness program. He delivered a presentation on “Awareness Program on Water Conservation” to the participants.

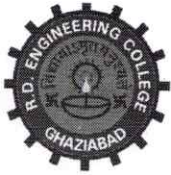

“Groundwater is a vital resource that provides almost half of all drinking water worldwide, about 40% of water for irrigated agriculture and about 1/3 of water required for industry. It sustains ecosystems, maintains the baseflow of rivers and prevents land subsidence and seawater intrusion. Groundwater is an important part of climate change adaptation process and is often a solution for people without access to safe water. Despite these impressive facts and figures, invisible groundwater is out of sight and out of mind for most people. Human activities (including population- and economic growth) and climate variability are rapidly increasing the pressure on groundwater resources: serious depletion and pollution problems are reported for many parts of the world. A World Water Day on groundwater would put a spotlight on this invisible resource, enhance knowledge exchange and collaboration and thereby increase the awareness of the importance of taking care of our groundwater.”

Date:-21 March 2020

Organizer: R.D Engineering College Ghaziabad

Faculty Coordinator:-Dr. Gaurav Rastogi

No. of student participated: 200,

Tree Plantation is the most efficient way to a cumulative protection of environment. One of the obvious reasons for planting trees is for the betterment of air quality. Also, their root system prevents the drainage of water to surface, thus lowering soil erosion. Plants are also important for the functioning to water cycle which is important for the planet to survive

Avoid Unnecessary Travel: Do not forget the fact people movement across the countries has resulted in the outbreak of corona virus or **COVID-19** spread. We should understand that social distancing (isolating yourself from the crowd) is the need of the hour. This was also the first step, the governments of all major countries stressed upon to combat the spread of the pandemic.

During the session the following points were discussed:

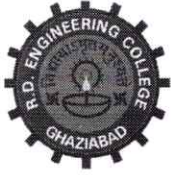

- Through this programme we want to spread the message to grow more plants and keeping environment Pollution Free
- Tree Plantation is an annual celebration that honors the achievements of the environmental movement and raises awareness of the need to protect Earths natural resources for future generations. .

Faculty Coordinator Mr. Pankaj Verma

R.D Engineering College celebrate Teacher’s Day on 05-09-2020, the students of various departments, along with the help of the student’s Union, organized a function for the teachers in virtual mode. The Dean of the college was present.

The Dean gave a vote of thanks on behalf of the Teachers and also appreciated the teachers for their immense contribution to the institution for years.

During the Camp the following points were discussed:

- Through this Program we want to spread the message that teachers are our supporting pillars who play an important role in guiding us throughout our student life. They give their best to teach us valuable lessons in life and are our role models whom we look up to.
- In this we discussed about how teachers have to listen to their student and understand how they feel, so they need to be patient and kind. Many teachers are very creative and make learning fun for their students. If you enjoy helping people learn, teaching might be a great job for you in the future!

Resource person:- Prof. Sanjay Paliwal

Faculty Coordinator:- Mr. Sarthak Tyagi

Student Coordinator:- Ms. Abhishek Sharma

No. of student participated: 100-150,

R.D. Engineering College, Ghaziabad has organized a event on **World water day** for awareness of Healthy Environment in our life held on 22-03-2022 Monday.

Dy. Director Prof. Sanjay Paliwal Engineering was the resource person for the Awareness program. He delivered a presentation on “Awareness Program on Water Conservation” to the participants.

“Groundwater is a vital resource that provides almost half of all drinking water worldwide, about 40% of water for irrigated agriculture and about 1/3 of water required for industry. It sustains ecosystems, maintains the baseflow of rivers and prevents land subsidence and seawater intrusion. Groundwater is an important part of climate change adaptation process and is often a solution for people without access to safe water. Despite these impressive facts and figures, invisible groundwater is out of sight and out of mind for most people. Human activities (including population- and economic growth) and climate variability are rapidly increasing the pressure on groundwater resources: serious depletion and pollution problems are reported for many parts of the world. A World Water Day on groundwater would put a spotlight on this invisible resource, enhance knowledge exchange and collaboration and thereby increase the awareness of the importance of taking care of our groundwater.”
