Dear Sir,

I am writing this letter on behalf of the CSE Department as the HOD CSE at R D Engineering College, seeking your permission to conduct an industrial visit to your company(GVenture Technology Pvt Ltd., Noida) on 03/12/2023, Saturday. R D Engineering College is a well-reputed educational institution in Delhi - NCR.

There would be 50 Students including 02 faculty members. Being students of CSE, this visit would help in better understanding of various concepts.

Kindly grant us permission for the industrial visit and make the necessary arrangements for the same.

We look forward for positive reply from your side.

Thanking You,

Yours Sincerely,

HOD, CSE

RD ENGINEERING COLLEGE
Department of Computer Science & Engineering
Summary Report

An Industrial visit was organized by the Department of Computer Science & Engineering under the guidance of Head of Computer Science & Engineering. About 50 students of CSE II year along with two faculty members Mr. Manoj Kumar and Mr. Shivam Sharma visited "G Venture Technology Pvt Ltd", Noida.

At G Venture Technology Pvt Ltd, The trainer had discussed various things like Service based & Product based companies, various profiles in G Venture Technology Pvt Ltd like coders, testers, administrators etc. He had also discussed about various parameters to get a job in IT Companies like profile, place, initial packages, technology stacks etc.

After that they took a session of question & answer in which they resolved various queries of students related to internship in G Venture Technology Pvt Ltd, how to apply in G Venture Technology Pvt Ltd etc.

Some glimpses of the visit are shown below:

Session 2022-2023

Invitation: Understanding IBOS

Messages

Thu, Mar 16, 2023 at 5:54 PM

Atul Sethi <asethi@rics.org>
To: Pankaj Singh <p.mnavy@gmail.com>
Cc: Anupam Saxena <asaxena@rics.org>, Tushar Jindal <tjindal@rics.org>

Dear Sir,

The RICS International Building Operation Standard (IBOS) is a data-based approach that supports the measurement and management of buildings for strategic decision-making. As the way we live evolves, there is a need for a people-centric approach to how spaces are managed.

Developed alongside the market, IBOS reaches beyond traditional ways of assessing building performance to add another dimension - user experience - and provides a consistent way to benchmark across a number of properties.

To learn more about IBOS and how it can help manage your buildings for a higher user-experience, you are cordially invited to an introductory session on RICS IBOS on 24th March 2023 as per the details given below:

RICS IN-PERSON MEMBER LED EVENT

RICS Introduces IBOS: International Building Operations Standards

A Practical Measuring Building's Performance

Date & Time: 24th March, 5:15 PM onwards

Venue: The Auditorium, Max Towers, Sector 16B, Noida, UP

Register

Venue and Hospitality Courtesy

You are requested to kindly register for this event along with 4 RICS student members from your institution. There are limited number of seats for this event, hence we request for an early confirmation from your side by completing registration in the link provided in the attachment.

We look forward to your kind presence during this event.

Industrial Tour Report

On 24th March'2023 B.Tech (Civil) students of R D Engineering College went for an industrial visit to RICS (Royal Institute of Chartered Surveyors) at Max Towers, Sector-16B, and Noida for **RICS-IBOS** (International Building Operation Standard) workshop.

We are short listing 4 students among all to participated in this event which was a part of the Corporate Connect Program.

The students were accompanied by senior faculty member Dr Pankaj Kumar Singh (HOD-Civil).

The delegation was received by the RICS team led by Mr. Atul Sethi & Mr. Tushar Jindal, who briefed students regarding the organization, products & process followed.

In this visit RICS higher officials shows about the work of RICS-IBOS, which is a **tool for improving Building Performance** is a data-based approach that supports the measurement and management of buildings for strategic decision-making.

As the way we live evolves, there is a need for a people –centric approach to how spaces are managed. Developed alongside the market, IBOS reaches beyond traditional ways of assessing building performance to add another dimension-user experience-and provides a consistent way to benchmark across a number of properties.

By the help of IBOS and how it can help manage our building for a higher user-experience.

A Q&A round was kept for the students to answer their queries which they participated in very enthusiastically.

The visit concluded with a vote of thanks to the industry officials by Dr Pankaj Kumar Singh followed by refreshment arranged by RICS (Royal Institute of Chartered Surveyors) Department.

Students got an insight on how professional organizations work & methodically plan, coordinate, execute the whole process through team work.

A few glimpses of the tour are attached herewith.

Let the learning continue...

Best Regards

Respected Sir,

I am Payal Arya, Surveyor from Geodetic and Research Branch of Survey of India. First of all I would like to thank Dr. Pankaj Singh for inviting me to attend the conference held by R D Engineering College. I took it as a great prestigious opportunity. Although due to my field work I was unable to join the online conference, still I was super excited and happy to get this opportunity and didn't want to miss the same.

But I must appreciate the organizing committee, students for their great unseen pain and efforts which has to be appreciated. The Agenda of the Conference was awesome. "Recent Innovation in Science, Technology & Humanities." I was very happy to see the guest list. Many learned people were invited as I have seen and heard them. It was really a knowledge boosting event.

Heartiest congratulations to the organizers and thank you once again to share such an event with me. Hope to see this college again.

Regards

Industrial Tour Report

On 22nd February B.Tech (Civil Engineering) students of R D Engineering College went for an Field Survey in Survey of India, Dehradun.

17 students participated in this event which was a part of the academic curriculam Connect Program.

The students were accompanied by HOD –Dr Pankaj Kumar Singh and Fculties Anirudh Kumar , Amit Sharma and Ms. Nalini of Civil Engineering Department.

The delegation was received by the Survey of India team led by Ms Payal Arya (Surveyr and ist Lady who reached antartika from Survey of India) briefed students regarding the organisation, and work culture .

The students were splitted in two groups & were handed over to the Quality assurance team who took them to the plant tour to view the manufacturing facilities & explained the steps taken to deliver quality products.

A Q&A round was kept for the students to answer their queries which they participated in very enthusiastically.

The visit concluded with a vote of thanks to the industry officials by Dr Pankaj Kumar Singh followed by refreshment arranged by Survey of India Team.

Students got an insight on how professional organisations work & methodically plan, coordinate, execute the whole process through team work.

A few glimpses of the tour are attached herewith.

Dear Mam,

I am writing this letter on behalf of the CSE Department as the HOD CSE at R D Engineering College, seeking your permission to conduct an industrial visit to your company(Fonantrix Qual Tech Pvt. Ltd., Noida) on 26/10/2019, Saturday. R D Engineering College is a well-reputed educational institution in Delhi - NCR.

There would be 50 Students including 02 faculty members. Being students of CSE, this visit would help in better understanding of various concepts.

Kindly grant us permission for the industrial visit and make the necessary arrangements for the same.

We look forward to a positive reply from your side.

Thanking You

Yours Sincerely,

HOD, CSE

Summary Report

A batch of 3rd semester students of Department of Computer Science & Engineering along with faculties Mr. Vikas Chaudhary and Mr. Sachin Tyagi visited "Fonatrix Qual Tech" for an Industrial visit.

The Objective of the Industrial visit is

- ✓ To make students familiar with technology and the resources used in web development.
- ✓ To educate on various processes involved in software engineering and languages used for implementation
- ✓ Discussion on the difficulties challenges in the web development and collaborative front end and back-end working.

This visit was mainly focussed on understanding the concepts of Web Development & Java technologies. The trainer and coordinator there explained about the organization, their methods of working with different technologies, the difference between different programming languages used for the application development and their advantages and disadvantages.

He also explained about the python and how it has been used in web development. After the tour, a presentation was arranged about the networking devices like modems, switches and how they are used. Overall, the session was interactive and beneficial for the students.

Dear Mam,

I am writing this letter on behalf of the CSE Department as the HOD CSE at R D Engineering College, seeking your permission to conduct an industrial visit to your company(Fonantrix Qual Tech Pvt. Ltd., Noida) on 27/10/2018, Saturday. R D Engineering College is a well-reputed educational institution in Delhi - NCR.

There would be 50 Students including 02 faculty members. Being students of CSE, this visit would help in better understanding of various concepts.

Kindly grant us permission for the industrial visit and make the necessary arrangements for the same.

We look forward to a positive reply from your side.

Thanking You,

Yours Sincerely,

HOD, CSE
