### Report of program language and communication skill.

TOPIC: ENHANCEMENT OF GROUP DISCUSSION SKILLS.

SPEAKER: Ms. Neha Sharma

DATE: 12/10/2019

TIME: 10:00 am-01:00pm

VENUE: A Block Seminar hall

This program is organized by Department of MBA to benefit and enhance the language and communication skill of MBA students. Approximately 60 students have benefits by this program.

- Group discussions help students develop critical thinking skills, improve communication skills, increase self-confidence, and build teamwork.
- Group discussions promote a deeper understanding of a topic and increase long-term retention.

### OBJECTIVES:-

Group discussion helps students develop their critical thinking skills, problem-solving abilities, and communication skills.

### FUTURE OUTCOMES:-

- Group Discussion (GD) is an essential feature of the teaching-learning approach adapted in a classroom today.
- Group discussions (GDs) help in a major way to get rid of such complexity and difficulties in problem solving.
- Students tend to lose interest once they fail to understand the complexity and rationale behind the problem.

**Date- 12/10/2019**

**Time-11:00 AM**

**Approximate 62 Students have joined this Seminar.**

Over the last years, GD is used to test the soft skills of the candidates. It is used as a quick method to shortlist a few candidates from the massive strength. The written exam tests the knowledge and aptitude. Organizations check the social skills, technical, and communication skills so that a candidate can work effectively without any obstacle in between his/her skills. The GD or Group Discussion is used as an exam for many organizations and schools. It tests the personality skills, communication skills, teamwork, confidence, problem-solving skills, social skills, behaviour, and leadership abilities of a candidate. It is also an essential part of short-listing candidates for a job or admission to a university. An intelligent candidate with good knowledge and skills sometimes lacks communication skills, which can be a lack of confidence, hesitation in speaking, unable to explain his/her point of view, etc. Due to this, Group Discussion nowadays has become an essential part of most of the organization and institutes. Knowledge and technical skills are essential things for a candidate, but in an organization, he/she might have to face the meetings, discussing technical issues, handling new employees, etc. Here, a lack of communication skills becomes the disadvantage of that candidate. Hence, organizations and institutes ensure that the candidate must possess all the qualities before joining.

## Objectives

- Listening skills
- Communication skills
- Enhance critical thinking
- Assertiveness

## Future Outcomes

Group discussions promote a deeper understanding of a topic and increase long-term retention. Group discussions can also help increase participants' attention and help maintain their focus by involving them in the learning process. Group discussions can also provide feedback to instructors on participant comprehension.

Hello sir

The extra-curricular activities in soft skill development for the students have proven to contribute much to their personality development and logical thinking. So our college decided to organize a seminar on Personality Development where students will enhance their soft skills and logical thinking.

In view of this, Our Institution would like to request you to conduct a Seminar/Workshop with the given theme: "Personality Development" to be facilitated to the whole MCA students.

Hoping for your favorable response about the matter.

Thank you very much.
