Approved by AICTE & Affiliated to Dr.APJ Abdul Kalam Technical University, Lucknow

Name of the Activity:-“Tree Plantation”

Date:- March 21, 2018

Duration: 2Hrs. (120min)

Organizer: R.D. Engineering College, Ghaziabad

Faculty Coordinator: - Mr. Pawan Kumar

No. of student participated: 140-160.

Introduction: The Tree plantation activity continuing with its tradition of preserving the environment and having eco-friendly activities, the “Tree Plantation Drive” was conducted on the campus.

On an individual basis. The objective of this tree plantation was to create awareness about “Plant Tree – Save Planet”. Tree plantation aims to save the environment, a forestation and make the surrounding clean and green through a major Tree Plantation Activity.

During the Event the some of the feedbacks are as follows by many faculty members with their students:

1. “It was a very good experience to follow this tree plantation drive for saving our earth from global warming and producing more and more oxygen.”
2. “It was a great feeling to re-bond back with nature. I felt motivated and loved.”
3. “It was an amazing experience by planting trees. I was happy that at least this much I can do for our nature which provides us all the resources.”
4. “It was challenging for me because our cooperative society was not permitted to plant any tree as it was private so we had planted the same in pots. Else than it was a good experience as it will help us and also the environment.”

### “SWACHH BHARAT ABHIYAN” (02-10-2023)

Name of the Activity:-“Swachh Bharat Abhiyan”

Date:- 02-10-2023

Duration: 2Hrs. (120min)

Organizer: R.D. Engineering College Ghaziabad

Resource Person: Director General & Head Steadmic Centre for Innovation **Dr. Kumar Krishnen.**

Faculty Coordinator:-Mr. Chirag Sharma

Student Coordinator:-Mr. Tarun Tyagi

No. of student participated: 30-40,

R.D. Engineering College, Ghaziabad organized an event on **Swachh Bharat Abhiyan** for awareness of Clean streets, clean homes, clean hearts. Let's keep India clean, inside-out held on 02-10-2023 Monday.

**Dr. Kumar Krishnen** and also our college Director **Mr. Sanjeev Sharma** taught that it is everybody's responsibility and one should keep themselves and their surroundings clean and hygienic. It also brings good and positive thoughts in the mind which slows down the occurrence of diseases.

During the Camp the following points were discussed:

- Through this Camp we want to spread the message of Swachh Bharat Mission has had a positive impact on public health. By improving sanitation facilities and promoting cleanliness .
- The Swachh Bharat Mission include eliminating open defecation, promoting the construction of toilets, creating awareness about sanitation and hygiene, and ensuring the safe disposal of waste. It aims to create Open Defecation Free (ODF) communities and improve overall sanitation infrastructure.. .
- It is our responsibility to take this initiative forward. Under this Camp we will keep on spreading awareness about that “A clean environment leads to a healthy life. Let's join hands and clean our nation” .

**“WORLD WATER DAY” (22-03-2018)**

## R. D. Engineering College, Ghaziabad College Code-231

Approved by AICTE & Affiliated to Dr.APJ Abdul Kalam Technical University, Lucknow

Name of the Activity:- “World water day”

Date:- 22-03-2018

Duration: 2Hrs. (120min)

Organizer: R.D. Engineering College Ghaziabad

Resource person:- Prof. Sanjay Paliwal

Faculty Coordinator:- Mr. Sarthak Tyagi

Student Coordinator:- Ms. Abhishek Sharma

No. of student participated: 100-150,

R.D. Engineering College, Ghaziabad has organized an event on **World water day** for awareness of Healthy Environment in our life held on 22-03-2018 Monday.

Dy. Director Prof. Sanjay Paliwal Engineering was the resource person for the Awareness program. He delivered a presentation on “Awareness Program on Water Conservation” to the participants.

“Groundwater is a vital resource that provides almost half of all drinking water worldwide, about 40% of water for irrigated agriculture and about 1/3 of water required for industry. It sustains ecosystems, maintains the baseflow of rivers and prevents land subsidence and seawater intrusion. Groundwater is an important part of climate change adaptation process and is often a solution for people without access to safe water. Despite these impressive facts and figures, invisible groundwater is out of sight and out of mind for most people. Human activities (including population- and economic growth) and climate variability are rapidly increasing the pressure on groundwater resources: serious depletion and pollution problems are reported for many parts of the world. A World Water Day on groundwater would put a spotlight on this invisible resource, enhance knowledge exchange and collaboration and thereby increase the awareness of the importance of taking care of our groundwater.”
