

1.4: Feedback System

Session:2022-23

R. D. ENGINEERING COLLEGE. GHAZIABAD

Approved by AICTE New Delhi & Affiliated to Dr. APJ Abdul Kalam Technical University, Lucknow under the aegis of IQAC

1.4 FEEDBACK SYSTEM

OBJECTIVES

- To evaluate the level of satisfaction among the students in terms of curriculum implementation and teaching learning, acquisition of knowledge and skills of employability, interdisciplinary learning and facilities.
- To evaluate the level of satisfaction among the teachers in terms of curriculum implementation and teaching learning, infrastructural facilities, conducive environment for academic and professional growth.
- To evaluate the level of satisfaction among the alumni in terms of academic outcomes, relevance of the programme for career prospects and prospects of alumni contribution to the department/ College.
- To evaluate the level of satisfaction among the employers in terms of the professional competencies of the college graduates post recruitment.

METHODOLOGY

R.D. Engineering College conducts Feedback analysis every session with structured questionnaires specifically designed for students, teachers, alumni, parents and employers in the following dimensions:

- Students Feedback Form on Teaching Learning and Facilities
- Teachers Feedback Form
- Alumni Feedback Form
- Parents Feedback on College and Academic Process
- Employer Feedback on College Graduates' Competencies

STUDENTS FEEDBACK FORM ON TEACHING LEARNING

The "Students Feedback Form on Teaching Learning" uses a structured questionnaire to measure the mentioned criteria (in sample student feedback form) on a five-point Likert scale with the options of Excellent, Very Good, Good, Fair and Poor. This survey is being conducted to ascertain the degree of

student satisfaction with the curriculum and to look out for ways to implement the curriculum on 9 parameters.

The "Students Feedback Form on Facilities" uses a structured questionnaire to measure the mentioned criteria (in sample feedback form on facilities) on a five-point Likert scale with the options of Excellent, Very Good, Good, Fair and Poor. This survey is being conducted to ascertain the degree of student satisfaction with the Library, Labs, Hostel, Sports etc. measuring 10 parameters.

These feedbacks are conducted every semester for every theory subject and lab subjects to measure the student satisfaction with the curriculum and satisfaction with the Facilities provided by the college.

(We take the average of each theory and practical subject on 9 parameters of single student and after then we take the average of all the students of the class, which leads to the Feedback on Teaching Learning in that semester for any department. To find out the complete feedback in that semester / session for all college then we take the average of all the classes of the departments)

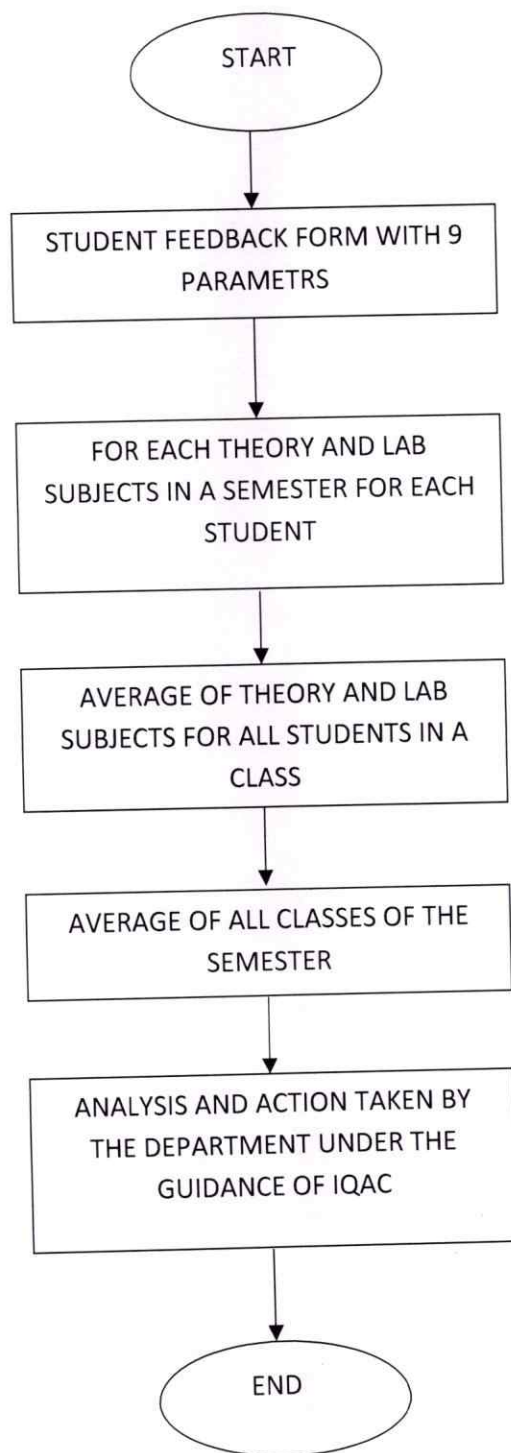

(We follow the same process to find out the Students Feedback on Facilities)

These feedbacks analyzed by the head of the department every session and appropriate action taken under the guidance and kind control of IQAC.

Feedback Analysis and Action Taken Report

1.4.1 Feedback Analysis and Action Taken Report of Department on feedback report (2022-23)

The Director of the Institute gets the feedback collected from institute's stakeholders to monitor and evaluate its performance quality on academic, faculty and ambience. Constructive feedback from stakeholder is obtained through carefully designed feedback forms. This comprises of faculty feedback, student feedback, alumni feedback, parents feedback and employer feedback for each academic year. The feedback is analyzed and reviewed by the Institutes' IQAC; the reports are communicated to the department heads. The HODs further suggests corrective measures and directs faculty members to take remedial actions. The other problems which require management decisions are put up before the management and are addressed accordingly.

Feedback from student addressed academic and its learning related issues in term of quality, effectiveness, skill enhancement and relevance. In order to gauge the effectiveness of the faculty in course dissemination structured feedback is taken from students regarding the skills and effectiveness of faculty in teaching that course. The faculty is informed about their feedback as well and if required they are trained for improvisations in the academics.

The constructive faculty feedback is collected to optimize their overall performance and contribution towards the growth of the institute. The faculty feedback related to curriculum enrichment, curriculum delivery, suitability the course and its need base, availability of reference materials, alignment of CO-PO, is helpful to improvise the curriculum and to create better work culture.

The employer's feedback is taken into consideration to make students industry ready, to improve their employability and to guide them for future career paths. It addressed issues like general communication skills, developing solutions to real life problems, working in a team, organization skills etc. Various companies are being invited for the campus placements and even expert from industry deliver lectures on recent trends, leadership skills, entrepreneurship etc. for overall development of students.

Feedback is also gathered from alumni, either pursuing higher studies or working with industries regarding the contribution of institution in their professional development. Responses requested on adequateness of courses curriculum, sufficiency of syllabus content in context of current professional standards and curriculum design in context of development of self-directed learning and problem-solving approach etc. Department also invites alumni to share their experiences to guide final year students about emerging aspects and opportunities in corporate world.

Parent's feedback is also taken into consideration to enhance education pattern, safety of students and examination. Suggestion given by parents implemented immediately for their satisfaction & maintaining good environment in the college.

IQAC Director
R.D. Engineering College
Duhai, Ghaziabad

Director
R.D. Engineering College
Duhai, Ghaziabad

Students are asked to give general feedback regarding the institute's ambience and common facilities including canteen, labs, library, sports, general hygiene, cleanliness and utilization of infrastructure etc., verbally or in written form as well as they can also approach concerned person if required. The actions to problems are addressed by the authority immediately.

Average		4.13	4.20	4.10	3.93	3.80	3.77	4.00	4.03	4.13

Evaluation Parameters

Feedback report for CS(IOT) 6TH semester 2022-23

Feed back	Action Taken	Impact
Students feedback found that lack in approaches for the students.	HOD instructed the concerned teachers to take more usage of communication understanding & live examples.	By providing proper study material offline & online, students were able to study properly.
Students feedback found that there is lack between teacher and student communication skill.	HOD instructed the concerned teachers to build and maintain communication with students.	By providing latest technology introduction in interactive manner.

Class & Section: IT 7TH

Session: 2022-23

S. No.	ID	Library			Laboratory		Internet Facility	Canteen / Cafeteria	Drinking Water Facility	Hostel Facility	Sports Facility	Medical Facility	Housekeeping and Maintenance	Adequate Class room infrastructure
		Availability of Text Books / Reference Books / Journals / Magazines	Library Timing	Ambience	Adequate Experimental Setup	Ambience								
Average		3.93	4.00	4.14	3.82	4.00	3.64	4.21	4.04	3.89	3.79	3.96	4.11	3.82

Feedback Report for Information Technology 7th Semester 2022-23

Feedback	Action Taken	Impact
Student feedback found that lack in terms of use of text books/reference books/journals/magazines , proper opening & closing timings of library and proper experimental setup.	Liberarian was instructed to well maintained timings along with offline & online study material availability in library and proper set-up of Labs.	By maintaining proper timings & providing of study material and set-up of Labs,students were able to study properly.
Student feedback found that lack in terms of internet facility.	IT manager was instructed to provide system with high speed internet facility on each system.	By providind internet facility ,students were able to search new edge technology,seminars,journals & downloading of softwares.

MCA I YEAR SECTION A ODD SEM SESSION (2022-2023)
ANALYSIS OF STUDENT FEEDBACK ON DIFFERENT ASPECTS

Subject Knowledge	Presentation	Communication Skills	Usage of Teaching aids	Interaction with students	Approachable to students	Extra care for Learners	Punctuality	Teachers Proptness
4.5	5.3	4.5	4.5	5.3	4.5	4.5	4.5	4.5

DIFFERENT ASPECTS

Feedback	Action Taken	Impact
Student feedbacks found the lack in communication skills. As there is a need of separate lab for practice.	Head of Department instructed the concerned faculties to take separate classes to help the students.	By arrangement to separate communication classes, students were able to improve their communication skills.

Cumulative Teacher Feedback, Analysis
& Action Taken

R. D. Engineering College, Ghaziabad College Code-231
Approved by AICTE & Affiliated to Dr. APJ Abdul Kalam Technical
University, Lucknow

Teacher's Feedback 2022-23

Decision making		Annual increment		AWARD		Curriculum as per the industry		Innovative Teaching methodology		higher education facility		salary dispersed on time		ICT facilities	
89.47	10.53	94.74	5.26	84.21	15.79	78.95	21.05	92.11	7.89	89.47	10.53	92.11	7.89	89.47	10.53

Major concerns raised by the faculties	Action Taken
Decision making is true and impartial in the organization. However, there should be more proactive decision making.	Management has considered the point and will work on it for future reference.
Annual Increment are done on the basis of teacher feedback and paper published. Behaviour and general attitude should also be taken into consideration.	From coming year, all faculty appraisals will have the requested parameters included.
There should be awards given for some achievements which are exceeding expectation.	It has been instructed to all Heads that on departmental level good performing faculties should be rewarded.
As we are preparing students for the industry, there should be more emphasis on industry connect.	With the help of Innovation centres, an initiative is taken to fill the gap between the college and industry.
Smart board and classes with projection will improve the quality of classroom teaching.	Necessary requirement will be fulfilled to elevate innovative teaching methodology.
There should be more encouragement for higher education for the betterment of faculty as well as the institution.	Financial benefits/aid will be given to faculties involved in higher education.
Salary dispersement is done on a decided date. However, sometimes there is latency.	There will be a fixed date of the month for salary dispersment.
ICT facilities should be for the better understanding and learning of students.	Management has considered the point and will work on it for future reference.
