Session:2021-22

## R. D. ENGINEERING COLLEGE. GHAZIABAD

Approved by AICTE New Delhi & Affiliated to Dr. APJ Abdul Kalam Technical University, Lucknow  
under the aegis of IQAC

### 1.4 FEEDBACK SYSTEM

#### OBJECTIVES

- To evaluate the level of satisfaction among the students in terms of curriculum implementation and teaching learning, acquisition of knowledge and skills of employability, interdisciplinary learning and facilities.
- To evaluate the level of satisfaction among the teachers in terms of curriculum implementation and teaching learning, infrastructural facilities, conducive environment for academic and professional growth.
- To evaluate the level of satisfaction among the alumni in terms of academic outcomes, relevance of the programme for career prospects and prospects of alumni contribution to the department/ College.
- To evaluate the level of satisfaction among the employers in terms of the professional competencies of the college graduates post recruitment.

#### METHODOLOGY

R.D. Engineering College conducts Feedback analysis every session with structured questionnaires specifically designed for students, teachers, alumni, parents and employers in the following dimensions:

- Students Feedback Form on Teaching Learning and Facilities
- Teachers Feedback Form
- Alumni Feedback Form
- Parents Feedback on College and Academic Process
- Employer Feedback on College Graduates' Competencies

#### STUDENTS FEEDBACK FORM ON TEACHING LEARNING

The "Students Feedback Form on Teaching Learning" uses a structured questionnaire to measure the mentioned criteria (in sample student feedback form) on a five-point Likert scale with the options of Excellent, Very Good, Good, Fair and Poor. This survey is being conducted to ascertain the degree of

student satisfaction with the curriculum and to look out for ways to implement the curriculum on 9 parameters.

The "Students Feedback Form on Facilities" uses a structured questionnaire to measure the mentioned criteria (in sample feedback form on facilities) on a five-point Likert scale with the options of Excellent, Very Good, Good, Fair and Poor. This survey is being conducted to ascertain the degree of student satisfaction with the Library, Labs, Hostel, Sports etc. measuring 10 parameters.

These feedbacks are conducted every semester for every theory subject and lab subjects to measure the student satisfaction with the curriculum and satisfaction with the Facilities provided by the college.

(We take the average of each theory and practical subject on 9 parameters of single student and after then we take the average of all the students of the class, which leads to the Feedback on Teaching Learning in that semester for any department. To find out the complete feedback in that semester / session for all college then we take the average of all the classes of the departments)

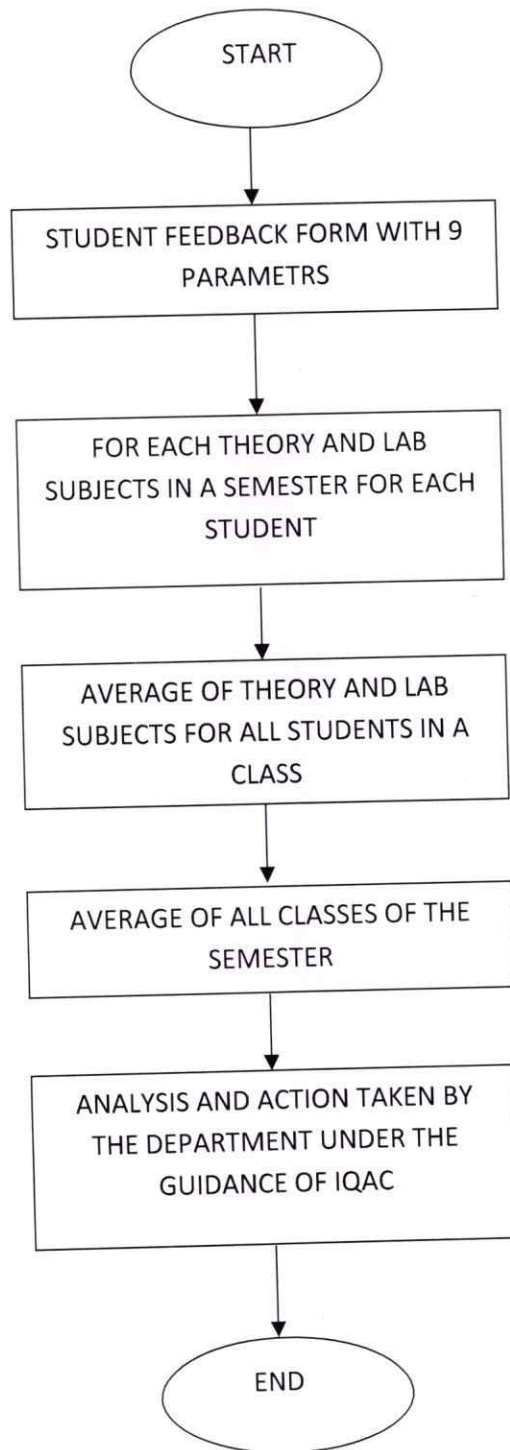

(We follow the same process to find out the Students Feedback on Facilities)

These feedbacks analyzed by the head of the department every session and appropriate action taken under the guidance and kind control of IQAC.

# Feedback Analysis and Action Taken Report

#### **1.4.1 Feedback Analysis and Action Taken Report of Department on feedback report (2021-22)**

The Director of the Institute gets the feedback collected from institute's stakeholders to monitor and evaluate its performance quality on academic, faculty and ambience. Constructive feedback from stakeholder is obtained through carefully designed feedback forms. This comprises of faculty feedback, student feedback, alumni feedback, parents feedback and employer feedback for each academic year. The feedback is analyzed and reviewed by the Institutes' IQAC; the reports are communicated to the department heads. The HODs further suggests corrective measures and directs faculty members to take remedial actions. The other problems which require management decisions are put up before the management and are addressed accordingly.

Feedback from student addressed academic and its learning related issues in term of quality, effectiveness, skill enhancement and relevance. In order to gauge the effectiveness of the faculty in course dissemination structured feedback is taken from students regarding the skills and effectiveness of faculty in teaching that course. The faculty is informed about their feedback as well and if required they are trained for improvisations in the academics.

The constructive faculty feedback is collected to optimize their overall performance and contribution towards the growth of the institute. The faculty feedback related to curriculum enrichment, curriculum delivery, suitability the course and its need base, availability of reference materials, alignment of CO-PO, is helpful to improvise the curriculum and to create better work culture.

The employer's feedback is taken into consideration to make students industry ready, to improve their employability and to guide them for future career paths. It addressed issues like general communication skills, developing solutions to real life problems, working in a team, organization skills etc. Various companies are being invited for the campus placements and even expert from industry deliver lectures on recent trends, leadership skills, entrepreneurship etc. for overall development of students.

Feedback is also gathered from alumni, either pursuing higher studies or working with industries regarding the contribution of institution in their professional development. Responses requested on adequateness of courses curriculum, sufficiency of syllabus content in context of current professional standards and curriculum design in context of development of self-directed learning and problem-solving approach etc. Department also invites alumni to share their experiences to guide final year students about emerging aspects and opportunities in corporate world.

Parent's feedback is also taken into consideration to enhance education pattern, safety of students and examination. Suggestion given by parents implemented immediately for their satisfaction & maintaining good environment in the college.

<b>Major concerns raised by the faculties</b>	<b>Action Taken</b>
Decision making is unbiased and true in the organization. However, there should be more proactive decision making.	Management has considered the point and will work on it for future reference.
Annual Increment are done on the basis of teacher feedback and paper published. Behaviour and general attitude should also be taken into consideration.	From coming year, all faculty appraisals will have the requested parameters included.
There should be awards given for some achievements which are exceeding expectation.	It has been instructed to all Heads that regular motivation to faculties should be given for the smooth functionality.
As we are preparing students for the industry, there should be more emphasis on industry connect.	With the help of Innovation centres, an initiative is taken to fill the gap between the college and industry.
Smart board and classes with projection will improve the quality of classroom teaching.	Necessary requirement will be fulfilled to elevate innovative teaching methodology.
There should be more encouragement for higher education for the betterment of faculty as well as the institution.	Financial benefits/aid will be given to faculties involved in higher education.
There is no issue with salary dispersement .	No action required.
ICT facilities should be for the better understanding and learning of students.	Management has considered the point and will work on it.
